

## VETERANS APPLY FOR BONUS AT ARLINGTON OFFICE

Two hundred a day seek  
state application blanks here

Melvin Kehe, who is in charge of the Arlington Heights office of the Veterans Administration at 210 N. Dunton, is issuing bonus applications to an average of 200 a day. The home addresses of applicants applying for the blanks can be anywhere in the state.

The Arlington office is one of only two in the northwestern part of the county and is designed to serve more than just the draft board district. No blanks will be filled out at the veterans' office. Full instructions are issued with the application, a self-addressed envelope being also included.

Photostatic copies of discharge papers can be obtained within 24 hours at Community Camera, 114 N. Evergreen, Arlington Heights.

Approximately 1,500,000 copies of the application forms were made available simultaneously throughout the State Monday, under a plan of distribution in which State agencies and veterans' organizations are cooperating. An unofficial specimen blank is reproduced on page 8 of this week's issue of Paddock Publications.

The distribution in Chicago and Cook County will be made through the 20 field offices of the Illinois Veterans' Commission. Blanks may be secured from any VA office, including the ones at 210 N. Dunton, Arlington Heights; 128 N. Wells st., Chicago; 41 Prospect ave., Park Ridge; 203 S. Hale st., Wheaton.

The initial distribution will be limited to the application to be used by living veterans of World War II. Three additional types of application forms, for the use of husbands or wives of deceased veterans; children of deceased veterans; and parents or nearest relatives of deceased veterans, will be distributed later as they can be printed. Each veteran applying for an application blank will receive an instruction booklet prepared by the Service Recognition Board, and a self-addressed envelope in which he may file his completed application.

Veterans residing in Cook County will send their completed applications to the Service Recognition Board at 218 West Monroe Street, Chicago, while those residing anywhere in Illinois outside Cook County will file their applications by mail to the Service Recognition Board, 301 West Adams Street, Springfield.

Veterans should exercise great caution in filling out their applications to make certain they furnish all of the information required. Detailed information will be found in the booklet covering rules and regulations which has been prepared by the Service Recognition Board for distribution along with the applications. Service men and women who are members of established veterans' organizations also may wish to seek the guidance of special committees which the veterans' organizations have set up in many communities to help their members in applying for their bonus.

As yet, it is not possible to estimate when actual payments of the bonus can be started. The first bloc of bonus bonds will be offered for sale on May 1. The sale of these bonds will provide the funds from which actual bonus payments will be made. Therefore, it will not be possible to begin payments until the bond sale has been completed and the funds deposited in the special bonus fund to be established in the State Treasury.

The Governor explained that veterans, after they have filed their applications, will later receive by mail a printed card from the Service Recognition Board acknowledging the receipt of their application. Each acknowledgment card will be stamped with the claim number which will be given to each applicant when it is received. The claim number should be referred to in any correspondence thereafter concerning the application.

Charles Klehms on vacation in Rio Grande valley, Texas

Mr. and Mrs. Charles Klehm of Arlington Heights are enjoying an early spring vacation in the Rio Grande valley, Texas. Mrs. Klehm is spending much of her time viewing their fruit orchards, flowers, and the general Texas scenery, while Mr. Klehm is just content to get a nice sun tan to sport on his 80th birthday, which is in May.

The Klehms write that the trees are loaded with ripe oranges, though still filled with blossoms, that will yield more fruit.

Arlington cage veterans  
get another chance  
at Crystal Lake

Allan Stroker and Bill Kleiner, newly elected captains of the Arlington Heights high school basketball squad, will get another chance for revenge against Crystal Lake, Northeast conference champs. They'll play with Mt. Prospect American Legion five which opposes Pine Moor of Crystal Lake this Thursday night, March 20, at Palatine high school.

Original opponents of the Crystal Lake five, which includes the entire personnel of the high school squad, was Dundee, which dropped from the tournament Wednesday. Mt. Prospect has stepped into the breach with game time set for 7:30 p. m.

Second game of the night will pit Tuscaqua League against Harvard Merchants, who have replaced Woodstock in the original pairings. Harvard five are McHenry county champs and will play at 9 p. m.

Friday night's pairings will see the winners of the Palatine-Elmhurst and St. Charles-West Chicago games compete at 7:30, and Thursday night's winners at 9 p. m.

Third place consolation game is scheduled for Saturday night at 7:30 with the championship tussle at 9 p. m.

Admission to the tournament is 50c and 30c Thursday and Friday, and 75c and 50c Saturday.

Cub Scout charter  
presented Pack 232;  
pack meeting Mar. 21

Low Fonseca's moving pictures of 1946 American League Baseball will feature the program of Arlington Heights Cub Pack 232 monthly pack meeting which will be held at the North School Friday evening, March 21.

At the meeting, which starts promptly at 7:30 p. m., there will be an induction ceremony for boys who have entered Cubbing during the last month. The ceremony will be put on by members of Den 1 under the direction of Den Dad Richard Michalski.

Jackie Lee of Den 1 will receive the Webelos award at a special ceremony in which he will graduate from cubbing into scouting. Parents of cubs and all persons interested in the cubbing program are invited to all pack meetings.

The charter of the Cub pack was renewed for the year 1946-1947 at the regular monthly meeting of the PTA held at the North School Tuesday evening, March 18. Martin Maher, president of the PTA, sponsor of the Cub pack, received the charter from Stanley Huntington, chief suburban council, Mr. Maher then presented the charter to Arthur Eppig, chairman of the Cub Pack committee and V. L. Beddingfield, Pack Cubmaster.

Can mothers meet the baby schedule?

Cook County Hospital is asking additional funds from the county. Olivia Larson, surgical nursing supervisor presented to the members of the county board this schedule of conditions in the pediatric department.

"Each nurse has 12 to 15 babies," she said. "Thirty minutes are required to give with safety a baby a bath, change of bed linen and weighing daily, feeding, taking of diapers at least every three hours. We can spend only eight to twelve minutes per baby. In this time the nurse is required to scrub her hands and put on a gown between caring for each baby. The minimum required for feeding a sick baby is 20 to 30 minutes."

Paddock Publications invites comments from mothers who care for their own babies. Do they require thirty minutes to care for their child, or can they cut the time down to eight to twelve minutes? Send replies to the Fence Post.

To ask parents to pay for broken windows

Parents of five young boys, between the ages of nine and fifteen years will have the opportunity Saturday to pay for windows that have been broken in new homes on the southside. Police apprehended the guilty ones, following a tip from neighbors who witnessed the acts.

The contractor has not asked for warrants, preferring to give the parents an opportunity to settle the cases out of court.

Racetrackers again seek homes here

The demand for homes in Arlington Heights during the racing at Arlington Park is again being manifested by the number of letters being received by local realtors. Carl Behrens thinks that it is going to be all the more difficult this year to find accommodations for them.

Arlingdaleites  
ask annexation  
to municipality

Purchasers of lots in Arlingdale, on West Euclid are asking for annexation to the village of Arlington Heights. They realize that the protection that the municipality can give them in the matter of municipal services is worth more than the tax that they will save by remaining in "no-man's land."

Fred Tailon, representing the group appearing before the Arlington Heights village board Monday evening, stated that many purchasers of lots would not build on them unless the municipality took over control of the property with its building restrictions, etc.

On the belief that annexation is a future certainty, no property owner has drilled for water. The appearance of the first out-house on the property has brought the matter to a head.

Before authorizing the village attorney to prepare the official annexation notice, Mayor Goedeke Monday evening made it plain to representatives of the property owners that all water, sewer and street improvements must be paid by the property owners; and that future building operations would be under the control of the village as well as all improvements and installations.

This property was originally part of the corporation, but a number of years ago, at the request of the owner, was disconnected from the village on payment of big sewer assessment in full.

Building restrictions appearing on the deeds require structures of new number of not less than 720 square feet, which means buildings about 24x30 feet.

The village has never accepted a water main extension laid by Santucci a year ago and is holding checks for same in escrow until official acceptance of the work. No property owner has been permitted to connect with the water main awaiting its acceptance.

Daughter of early pioneer dies in her 91st year

Thoughts of the older residents of Arlington Heights were brought to light this week with the announcement of the death of Mrs. Louise Dunton, who passed away Sunday. She was the wife of George Dunton, one of the two sons of William Dunton, who laid out the first lots for what is now Arlington Hts.

The present Dunton avenue was the center of the newly formed village of 1854, which was named after its founder until 1874, when it was changed to Arlington Heights.

Mr. and Mrs. George Dunton resided many years on the Dunton farm, East of State road and North of the present Northwest Highway, which was later subdivided.

Funeral services for Mrs. Dunton will be held today, Thursday, at 2:30 p. m., from the Lauterburg and Oehler chapel. Burial will be in the Arlington Heights cemetery.

Mrs. Dunton, nee Gieseke, was born in the town of Landenberg, State of Hanover, Germany, about the year 1855. She came to America about 1872, making her home near Palatine for about two years. She then moved to Arlington Heights, and was employed with the family of William H. Dunton.

In the year 1886, on January 1, she married George W. Dunton, a son of her employer. To this union were born Grace L. in 1890, who died in 1892; Arthur, who was born in 1892 and died in 1906; and George, Jr., born in 1896.

In 1909 her husband passed away. Mrs. Dunton died in her sleep about 11:00 p. m. last Sunday, after living a full life of both joy and sorrow. She leaves to mourn alone her son, George.

Country towns to get an extra month to pay tax bills

George Hagenauer, chief clerk for the county treasurer, says that probably the suburban taxpayers would be given an extra 30 days "grace" in paying their first installments. This would not require legal changing of the penalty date, resulting in future confusion of records, but instead the taxpayer who missed the postponed deadline on June 1 would pay two months' penalty instead of one.

No water shortage  
in Arlington Heights  
the coming year

The municipality is anticipating an increased consumption of water and is doing its best to insure an ample supply. The east well has been producing only 200 gallons of water a minute and has been shut down awaiting the installation of new equipment.

An electric motor, pump and switch board are now on the job. A booster pump is expected within the next few weeks, which, when installed, will again place the well in operation at full capacity. The new pump has an 800 gallon capacity. State water men say that the well can provide 1500 gallons a minute.

Workmen are busy on the north well, which has been out of commission for some time. Examination has shown that there are no obstacles in the old well and on advice of well people, it is planned to deepen the 10 inch pipe to over 1300 feet, replacing the present eight inch liner. The water level on this well is at the 165 foot level.

Arlington sanitary  
plant praised by  
Co. Health Department

Arlington Heights village board received a letter this week from Ben J. Leland, chief sanitary engineer of Cook County Department of Health, that had some nice things to say about Eldon Belzer, who is in charge of the local sewage treatment plant. The letter follows:

"This department is participating in a program to provide field experience for student public health nurses. Accompanied by members of our sanitary engineering staff, they are taken to view typical installations which are inspected by the Sanitary Engineering Division.

"Through the splendid cooperation of Eldon Belzer, plant operator, these nurses were taken through your sewage treatment plant on Thursday, February 27. Mr. Belzer was very cooperative in answering questions clearly and informatively; he had the plant in such a state of cleanliness as to be a credit to the village.

"We wish to take this opportunity to express our appreciation for this cooperation, and also to express the thanks of the student nurses, all of whom found the visit to your plant very educational."

Foreclosure decree  
entered on Arlington  
and Mt. Prospect lots

Special assessment foreclosure decrees in three cases involving Arlington Heights and Mt. Prospect were entered last week.

Superior Judge Frank M. Padden entered the Arlington Heights decrees against 130 lots, for an average of \$300, on two issues: No. 70, of October 20, 1926, for water mains in Foundry road and other streets, and No. 61, 369, of August 5, 1929, for sewer systems.

Circuit Judge Philip J. Fitzgerald entered two decrees presented by Attorney Frank Opeka for the Village of Mt. Prospect.

One was against 85 lots in H. Roy Berry Company's "Castle Heights," for an average of \$243, on a 1926 issue for water mains.

The other was against 36 lots in Prospect Park Country club subdivision, Blocks 18, 19, and 22, for an average debt of \$2,000, on the following three issues:

No. 12, water mains, 1927; No. 28, pavements, 1928; and No. 29, lead pipes, 1928.

C&NW admits  
village needs  
'new depot'

The present Arlington Heights railroad station is an abomination and conditions have become so bad that even the Northwestern railroad company admits that something must be done. The company has not promised a new depot, but a letter received by Forrest F. Davis, village clerk, from H. A. Parish, superintendent of the Wisconsin Division, reads in part, "we realize this increase in traffic will require certain changes or additional facilities and we propose to make changes... or additional facilities which will, we believe, correct the condition complained of."

The use of a large part of the men's waiting room for storage of express has led to many complaints and the letter to Davis is in reply to a communication forwarded to the company last month.

Business men make present of freight depot

The Herald can envision the erection of a tool shed addition to the present depot to relieve the situation, but it doubts if Arlington Heights will take any action less than a new depot. A thing less than a new depot, a few years ago, the business men made the company a present of a new freight depot at no cost to the railroad.

"The present Arlington Heights depot is over fifty years old. Its floors are nearly worn through. Its heating is as obsolete as its sanitary facilities and a new depot is the only answer," says Mayor Goedeke.

"The company admits in the letter that the increase in railroad traffic is not only express, but passenger and freight as well," says Arthur Franzen, president of the Chamber of Commerce, "and I think that the 'increase' can mean a new depot if the people of Arlington Heights can make their wishes known."

The letter, in part, follows: "It is true that the traffic at Arlington Heights has increased and this applies to express shipments, passenger and freight business and for that reason the agent has found it necessary to use a portion of the men's waiting room for the handling of express shipments. We realize that this increase in traffic will require certain changes or additional facilities and we propose to make certain changes which will, we believe, correct the conditions complained of. However, this will take some time to work out and during the interim it may be necessary that we continue to use a portion of the men's waiting room for express shipments with the understanding that such shipments will be made at the inconvenience to commuters and that shipments will in no way block the use of sitting space in the waiting room."

Left hand turn wrecks two cars

When Mrs. Elsie Schwolow, 312 West Campbell st., Arlington Heights, attempting a left hand turn at Val and the Northwest highway Monday noon, a crash sent two cars to the hospital, both badly wrecked. Car No. 1, a Plymouth 1946 sedan, was being driven south on Route 14 by Wm. M. Macy, R. 1, Mundelein. Mrs. Schwolow told the police that she did not see the other car. Jack Schwolow, three year old boy, received a cut on lip.

Butler Bill tax  
case ends; rush  
work on bills

A stipulation to help speed issuance of 1946 tax bills by not asking for a re-hearing in the case of Grace Anderson against the City of Park Ridge, was entered Saturday by Assistant State's Attorney Jacob Shamberg, representing county officials charged with getting out the bills, and Attorney Robert S. Cushman, for the plaintiff and the Taxpayers' Federation of Illinois, which joined her.

The Illinois Supreme court last Wednesday reversed and remanded the case, holding that Park Ridge was entitled to a tax levy of \$85,618 for 1946, instead of the \$82,283 it sought and the \$70,025 contended for by the property owners.

With suburban Cook county bills already likely to be out too late to leave the first installment penalty deadline at May 1, a probably futile rehearing would have added more confusion, the attorneys agreed. The county had planned to join in a similar stipulation if the taxing bodies had lost.

Receipt here of the full opinion by Justice Loren T. Murphy of Monmouth disclosed that the high court took into account the argument for the taxing bodies that the legislature, in drafting the Butler law making the 100 per cent assessment state-wide, which are involved in the case, could not have intended to limit levies to five per cent over 1942, as the suit contended.

"Some of the municipalities in Cook county are still going to be in difficulties, but that is despite the decision," said A. L. Sargent of Springfield, executive director of the association. "It is due to the fact that they set up a scale of expenditures far above their needs after Assessor John S. Clark raised the assessments from 37 to 100 per cent in 1943, doing away with all limitation for practical purposes.

County Clerk Michael J. Flynn estimated that less than half of the small taxing bodies will have to be "scaled back" in their 1946 rate following the decision. Park Ridge, for one, will be cut from a \$90,000 appropriation to \$85,618.

The rates for suburban tax bodies will probably be announced in the last week of March.

Bill North places for Arlington at state speech contest

Five Arlington Heights Township high school students, coached by Miss Dorris Petersen, entered the sectional contest of the Illinois high school speech contests held at Rockford Saturday, March 15.

Bill North, who won first place at the regional contest recently at Elgin, placed second in the original oratory and is therefore eligible for the state competition. He will go to Champaign, April 11 and 12 to compete for the state championship.

Marilyn Schlemmer and Jo Ann Koester placed third in the dramatic and verse reading contests respectively. Jean Baldwin placed fourth in comedy reading while Clarke Robinson placed seventh in oratorical declamation.

Two contestants from each of the four state sections will enter the

## Annual Town Meeting

NOTICE IS HEREBY GIVEN, to the legal voters, residents of the Town of Wheeling, in the County of Cook, and State of Illinois, that the Annual Town Meeting of said Town, will take place on Tuesday, April 1st, A. D. 1947 being the first Tuesday of said month, at the hour of 2 o'clock P. M. at Village Hall, at Arlington Heights, Ill., for the transaction of the business of the Town; and a Moderator having been elected, will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the Town, and decide on such measures as may, in pursuance of law, come before the meeting.

Given under my hand at Arlington Heights, Illinois, this 20th day of March, A. D. 1947,  
Dorothy Helen Hauff,  
Town Clerk.

## Arlington's \$1800 proudly accepted by Scout Council

Art Blaschke, finance chairman proudly announced at the monthly meeting of scout leaders of the Blackhawk district, held at Prospect Heights last Friday that over \$1800 had been received for scouting activities in the N. W. Suburban Council in the campaign held recently in Arlington Heights. He extended his sincere thanks on behalf of the Council to his captains and all who contributed so generously of their time, effort and money in helping to make the drive so successful.

Camp fee will be \$19.50, plus bus fare

Stan Huntington said several camping periods for N. W. Sub. Council Scouts will be available soon at the Twin Lakes Council Camp in Wisconsin. The plans, when approved by the Executive Board, will provide for ten active days of camping, hiking, canoeing, etc., at Twin Lakes Camp and one overnight camp at the newly acquired Funk Lake property, which will be developed as soon as plans are perfected. The total cost per scout will be \$19.50 plus approximately \$6.00 for bus fare.

Bob Blackburn said three important district scout positions are still vacant in the scouting program, district commissioner, training chairman and camping and activities chairman. The names of several scouts were suggested and a committee agreed to contact some of the possible candidates.

The Scoutmaster's Appreciation dinner, continued Bob, is an important scouting event that will be planned to take place within a few weeks. Definite announcements will be made later.

The Blackhawk District First Aid Meet will be held at the Methodist church, Arlington Hts., March 25, at 7:30 p.m. Scouts are asked to urge their parents and friends to attend this important meet in which district finals will be run off.

Among the scout leaders present Friday evening were Dave Lewis, council pres.; Stan Huntington, scout exec.; Bob Blackburn, dist. chr.; Ralph Clabaugh, advancement chr.; Art Blaschke, dist. finance chr.; Art Raven, chr. health and safety; Art Eppig, chr. Pack 232; Viv Bedingfield, cubmaster; Arnold Hatch, publicity chr.

**The Threat of  
Deafness**  
by C. W. LUSSMAN  
of Sieburg Drug Co.

Deafness is a very common disability, and one that most people dislike to acknowledge. But when you accept the fact that your hearing is not what it should be, then you are ready to receive all the assistance science can give you.

The first step is to consult a doctor to determine the cause of your deafness — it may not be as serious as you think. Whatever the cause you may depend upon the doctor's advice to help you in having your hearing restored or aided by means of the proper mechanical device.

Depend upon a conscientious druggist to supply you with medication of unimpeachable quality when prescribed by your physician.

**CHRISTIAN SCIENCE CHURCHES**  
The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 16, was:

"SUBSTANCE"

The Golden Text was:

"God is able to make all grace abound toward you; that ye, always having all sufficiency in all things, may abound to every good work" (II Cor. 9:8).

Among the citations which comprised the Lesson-Sermon was the following from the Bible:

"Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: For where your treasure is, there will your heart be also... Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you: For every one that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened" (Matt. 6:19-21; 7:7, 8).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"All substance, intelligence, wisdom, being, immortality, cause and effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, Love. Love giveth to the less, spiritual idea, night, immortality, and goodness, which shine through all as the blossom shines through the bud. All the varied expressions of God reflect health, holiness, immortality—Infinite Life, Truth and Love" (pp. 275, 518).

## Vacationing in Arlington

Jack Allen spent a few days in Arlington Heights this week. He has not been vacationing in Florida as some of his friends had supposed. He has been doing some remodeling on homes of friends at Bellville and is now at Rolla, Mo. Jack is an expert cabinet worker and the training in England qualifies him as an expert in the handling of plywood. The demand for such work has induced him to again join the laboring class.

"I am taking a short vacation," Mr. Allen told the reporter, "and I am spending it in Arlington."

**Notice of Public Hearing**

## Bensenville student honored at Monmouth

Twenty-nine students of Monmouth College were honored for scholastic achievement at the semi-annual Scholarship Day exercises in the Monmouth College auditorium last week. The speaker of the day was Dr. Frederick Hamilton, executive Dean of Galesburg branch of the University of Illinois. Dr. Hamilton stressed the dangers of loss of irreparable value in the negligent attitudes of many students toward scholarship.

Those who received awards included Robert Oswald of Bensenville.

## Troop 5 girl scout

Last Saturday, March 8, the girl scouts of troop 5, Arlington Heights, went to Chicago with their leader, Mrs. Quentin K. Ford and two troop committee members, Mrs. Paul Lyons and Mrs. William Dionne to attend a showing of the movie, "The Yearling." After the show the group went to the NBC broadcasting studios of station WMAQ and attended a broadcast by the Curtin Time players entitled "Rock-a-bye Baby." After the broadcast the entire troop went on a tour of the studios of NBC.

German writes mayor  
for gift package

Mayor Wm. H. DePue, Palatine, has received the following letter from Germany. It is self explanatory:

"I am one of the unlucky ones who has no relations or friends in the U. S. A. or other foreign country to whom I could write to send one of those gift parcels. So I write to you. May you or one of your fellow citizens has a heart and will send me one. Anything to eat is welcome. I would be very thankful."

"You may wonder where I got the name of Palatine, Ill. Some time ago a lady handed me a letter to mail for her. This letter went to your town, to whom I do not remember."

"I have four kids, 18, 15, 11 and 9 years old. We get the following rations:

"Daily 400 gram potatoes (less than pound); 400 grams bread; 7 gram lard (fifth ounce); 20 grams meat (one-third ounce); 30 grams others."

"Monthly, 100 grams kaffeersatz; 12 cigarettes."

"Sometimes my kids are crying for hunger. Now it is even worse. The winter is cold and no heat (coal). Am already sick five months and lost 30 pounds. I do not like to beg, but what can I do?"

Girls not in Scouting  
urged to join Camp Fire

Camp Fire birthday week is March 17 to 22. Birthdays are days for presents, so as a birthday present this year a Camp Fire group is in the process of being organized at the Arlington Heights Methodist church. The first meeting will be at 2 p. m., Saturday, March 22.

Miss Harriett Roney, a former guardian and leader, has been authorized by the new Camp Fire executive, Miss Marjorie Cooper, who is a former Chicago Camp Fire Girl, guardian and camp counselor, and a former executive of Cleveland, Ohio, to organize this group.

There are many girls in Arlington Heights who have been Camp Fire Girls and know the program, that might like to help in the organization. The Camp Fire Girls can be divided into three groups, according to ages. The youngest group, girls from 7 to 9, can belong to the junior organization known as the Blue Birds. The 10 year olds, or girls in the fifth grade belong to another group, not yet named. Last, but not least is the Horizon Club, a branch of Camp Fire especially for girls of high school age. Interesting programs and a good deal of fun is connected with all the groups.

All girls interested in becoming Camp Fire Girls, who are not Girl Scouts should be sure to meet with Miss Roney at the Methodist Meeting House this Saturday.

Fay Johnson well deserves the Y. C. White Orchids for this week for her own personal brilliance and the dazzling effect her energy and spirit has on everyone around her.

One of the really prominent seniors at Arlington High and the most eminent among the younger set in Arlington. She is a member of the Dramatics Club, and many other clubs at Arlington High, and was the Homecoming Queen. She is probably best known for her spirited cheer leading. At present she is directing a play for the Dramatics club. Fay has done a fine job on every committee she has been appointed to at Ramble Inn. Elected to the entertainment committee by the members of the Y. C. she has done a great part of the planning of Ramble Inn events.

So, Fay, this is wishing you the best from the kids at Ramble Inn and hoping that you receive all that your desire.

Wednesday, March 12, the Youth Center officers met with Wally Hermes, the well known orchestra leader. Wallace Hermes suggested many different and original ideas for the big Y. C. sponsored dance April 26. The New Yorkers, a renowned orchestra will be featured. This orchestra has played at the most outstanding clubs and spots from coast to coast. In addition there are plans progressing on a floor show. Remember this dance will cater to all who like to dance, especially the adults, who have all too few opportunities to dance to a good band in a good atmosphere.

— Y C —

The Ramble Inn clean-up committee is working more efficiently than ever. But it is necessary that every Y. C. member make it his duty to work on that committee when you see your name on the Youth Center bulletin board.

This week's clean-up committee was made up of Donna Busse, Lois Federwitz, Wallace Luettschwager and Roger Held. These kids deserve the highest praise for the work they have done this past week.

— Y C —

Remembers in the lounge of Ramble Inn there is a box for suggestions. The Y. C. is yours and thrives on your suggestions. If you have any records you would like to have in the juke box write their names on a slip of paper and put them in the suggestion box.

VFW Post 981 urge  
members to attend  
election meeting

The Arlington Heights VFW Post 981 will hold an election of officers at their March 28 meeting, which will be held at the village hall at 8:30 p. m. Officers were nominated at the last meeting, and nominations are still open if members desire to include others to run in the coming election. Members are urged to attend and support their candidates.

Guests at the recent meeting of the post were Commander Lang of Park Ridge VFW, who delivered an address on election of officers. He was attended by deputy chief of staff, Comrade Addy, of VFW Post 2992 of Des Plaines.

The Arlington Heights Post will move to temporary quarters at 15 E. Miner street. The use of this club room was donated by the Wheeling Township Republican Club and the Post members wish to publicly express their thanks to the club for their generosity.

Comrade Wally Kehe is chairman for the "May Dance" which is to be held May 3 at the field-house.

The Post is organizing a "Clown Band" and all comrades are asked to join if they can blow a note or two. No one has to be good, they are just to bring their instruments and enter into the fun. For further information get in touch with junior vice commander H. Luettschwager, or call Arlington Hts. 173-R.

**Troop 32 scouts visit Shrine circus; chameleon sales room**

Last week Scoutmaster A. C. Cubley and Troop Chairman Vernon Sturm conducted Arlington Heights Troop 32 on a trip to Chicago where they attended the Shrine circus, the annual charity entertainment given by the Chicago Shrine lodges.

The trip was made by twenty-eight scouts, and was voted such a success that it is planned to make it an annual event of the scout year.

Today Arlington Heights probably has more chameleons for its human population than any other town north of the Mason-Dixon line, notwithstanding recent demises. Almost to a man, the Scouts fell in love with the appealing little green-eyed, color-changing lizards offered for adoption, at a price, at the circus. Some boys, not content with one chameleon, brought home two. There was a notable exception. One boy had visited the circus with his dad the day before and got a chameleon. He brought home a turtle.

**SUE FOR DAMAGES**

Mary Poloniak individually and as next friend for a minor, Lorraine Natonek, has sued Elmer Schnell in the Circuit court for damages resulting from an automobile accident. She relates that on January 1 the widow were sitting in an automobile parked on the shoulder of Route 21 a half mile from Lake avenue in Des Plaines. It is charged that Schnell driving another car collided with the car they were in and injured them both. Each asks \$10,000 damages.

## American Legion Auxiliary notes

The sewing bee of the American Legion Auxiliary of Merle Guild Post, scheduled for March 19, has been postponed until March 26 and will be held at the same time and place.

An all day Patriotic Conference and Luncheon will be held at the Palmer House March 24, at which time a number of prominent speakers will be heard.

Child Welfare chairman, Etta Fitzpatrick, brought the annually assembled layette to the meeting

for inspection.

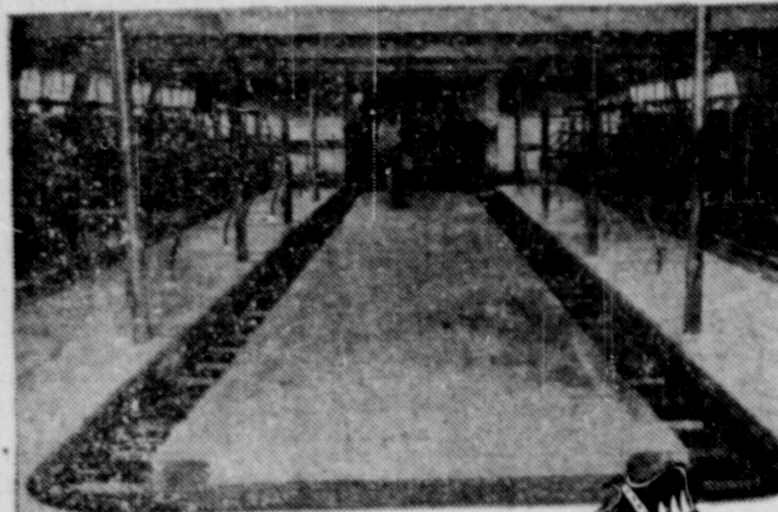

The Americanism chairman, Mae Wisersky, announced that the Youth Parade will be held at Palatine May 25. She asked the Auxiliary to sponsor the Girl Scouts, Brownies, and high school band in order to make them eligible as entrants in the parade.

It was also announced at the meeting that Mary Bentz has been chosen as the high school girl to attend Girls State in June.

## St. John 'Twentyniners' hold second meeting

The newly formed young adult group of the Arlington Heights St. John's church, temporarily known as the "Twentyniners," held their second meeting last Sunday.

The meeting started out at the bowling alleys with the 16 members rolling for strikes and high scores. After bowling the group journeyed to the William C. Deering home in Mt. Prospect where a potluck supper was served, after which a brief business meeting was held. At this time the group elected temporary officers and decided to meet on the fourth Sunday of each month, the next meeting to be held April 27.

A social evening of planned games, community singing, etc., completed the successful second meeting of this up and coming organization.

## Mt. Prospect pastor breaks ground for new parsonage; church next

The ground was broken Monday morning for the parsonage of the newly organized Mt. Prospect Evangelical Lutheran church by B. T. Anderson, pastor of the church.

The residence being erected is a six room Cape Cod, of frame construction located at 201 South Pine street in Mt. Prospect. The B. Stromberg Construction Company of Morton Grove has the contract for the building.

The Mt. Prospect Ev. Lutheran Church was organized last June, shortly after Pastor Anderson was called to take up the work here. Church services are being held in the Mt. Prospect Public school auditorium, at Main and Central road, until such time as the First Unit of the church can be completed.

The congregation has acquired lots for the church site at 200 and 202 South Wille street, near the center of the village, adjacent to the lot on which the parsonage is being built. Bids are being taken this week for the first unit of the church. Inasmuch as C.P.A. and building permits have been granted, it is anticipated that construction will get under way in the near future. This first unit of the church will be located at the rear of the church property and will eventually become the educational plant, when the main Sanctuary is built.

Financing for the purchase of the property, the building of the parsonage and the first unit of the church is being supplied by the Board of Home Missions and Church Extension of The Evangelical Lutheran Church.

The congregations building committee is composed of Mr. A. P. Meier, 313 South Albert, Mr. A. A. Lohley, 707 Ioka avenue, and Pastor B. T. Anderson.

Present at the ceremony Monday were D. L. Gilbert, Village Treasurer and Wm. Mulso, Supt. of building construction.

## 'Bell' girls hosts to families, friends

The families and friends of the Arlington Heights Bell Telephone girls were royally treated at the Family Night party held Tuesday evening. More than 350 guests were taken on a tour of the plant, being allowed to "plug in" with the operators at the switchboards to see just how their connections are made after they give a number to an operator. The board numbering system, "B" board, and information sections were explained in detail to the visitors.

Upon completion of the tour the guests were taken to the recreation room of the building and served delicious refreshments. Each operator took care of her own guests that she invited, escorting them through the plant and seeing to the serving of their refreshments. The operators were set off from the other people by shoulder corsages of either pink or white carnations, given to them by the Illinois Bell Telephone company.

## Spring Fashion Show here on March 25

The latest in spring suits, dresses, and children's wear will be shown at the Spring Fashion Show sponsored by the Arlington Heights Woman's club March 25. The "parade of fashions," presented by the Emerald Shop, will be held at the field house, at 8 p.m. The proceeds will benefit the Arlington Heights Public Health fund.

Mr. Senne of the Emerald Shop will also exhibit a number of furs. Laurel L. Schizdel of Chicago will be the narrator and Mrs. Richard Lull will play the piano accompaniment during the modeling.

During the intermission Gene Aiassi, art instructor at the public school, will give a "Chalk Talk." Several dancing numbers will be given by some of the pupils of Mrs. Schwartz's dancing class.

Door prizes will be among the other highlights. Tickets for this event are fifty cents and may be purchased from any member of the Woman's club or at the door.

## Mrs. John G. Hane new PTA prexy

Mrs. John G. Hane was elected to the presidency of the Prospect Heights school PTA at the annual election of officers held Tuesday evening, March 11.

Elected to serve with Mrs. Hane were Mrs. Joseph A. Weber, vice president; Mrs. William A. Dufresne, secretary and Mrs. Claude L. Holcomb, treasurer.

The newly elected officers will be installed to their respective offices with appropriate services at the May 12 meeting. They will serve from May, 1947 to May, 1948.

Mrs. Maurice Johnson, Mrs. William A. Dufresne and Mrs. Jack Reimsma served as the nominating committee.

During the business session, Mrs. Charles Ledyard, hot lunch chairman, announced that she was relinquishing her responsibility when the school's hot lunch program ends March 29.

### North Cook Rural Youth to present play

A one act play given by the Rural Youth will be held at the Elk Grove school, Touhy and Higgins road, on Friday March 28, at 8:00 p.m.

This is the group's first performance opened to the public. Following the play other members of Rural Youth will provide entertainment in the form of vaudeville acts and exhibition square dancing.

Barbecues, popcorn, and candy will be sold throughout the evening. An orchestra will provide music for dancing at the conclusion of the show.

Donation tickets may be obtained from Bob Long, Melvin Krueger, Wilbur Zaars, and Geo. Hanson or they may be purchased at the door that evening. Tickets will be necessary in order to qualify for the door prize to be given away that night.

### Garden show opens next week

Members of eighty Garden Clubs, affiliated with the Garden Club of Illinois, are busy these days planning the exhibits which will represent the local club at the Fifth Annual "Fashions in Flowers" to be staged by the state group in the ninth floor galleries of Marshall Field & Company, the two weeks before Easter, March 24th through April 5th.

A large section will be cleared so that the display will present a continuous picture. There will be several types of gardens, ranging from an "Old Colony Garden" to a "French Classic Garden" and from an "Ozark Spring House" to "Living Memorials."

There will be window and door planting treatments; furnished interiors complemented with flower arrangements, and a great many types of tables and flower arrangements.

### Marcella Herl given bridal shower

A lovely bridal shower was given in honor of Miss Marcella Herl of Arlington Heights last Thursday evening at the home of Mrs. E. K. Ladd in Half Day. She received many useful gifts from her friends.

Cards and bunco served as the evening's entertainment and the tempting refreshments were obtained buffet style from a table decorated with a white ruffled umbrella centerpiece, set off by tall white candles.

Guests attending the shower from Arlington Heights were Mesdames George Ladd, William Luehring, Carl Kloppe, Albert Kost, Arthur Eichler, Stanley Woznick, Leonard Cubs and Floyd Dobbins. Miss Viola Herl, sister of the bride-to-be, was also present.

Miss Herl will become the bride of William Ladd of Arlington Heights on April 12.

### Presenting the Younger Generation

Here we have some more members of the local younger set. First on the left we have Chuck Anner, the 5 months old son of Mr. and Mrs. John Anner of 704 N. Highland, Arlington Heights. He has blue eyes and brown hair. Next is that very grown up young man of 4 years. He is Ron-

ald Kranz, son of Mr. and Mrs. Rudolph Kranz, 402 W. Euclid Arlington Heights. With hazel eyes and light brown hair he looks like a real man.

The girls from Mt. Prospect have the right half of the pictures today. Little Kathryn Rae Till is first. She is the 5 months old daughter of Mr. and Mrs.

Raymond A. Till of 507 N. Eastwood, Mt. Prospect. Her eyes and hair are both brown.

Over on the far right is Sharon Ann Young. Even at the age of 2 her blue eyes and blonde hair make her a little charmer. She is the daughter of Mr. and Mrs. Richard R. Young of 119 N. Fairview, Mt. Prospect.

### Betty Jane Weirich, Raymond Hoth are wed

Amid palms, ferns, baskets of flowers and glowing candlelight in the Barrington Methodist church Miss Betty Jane Weirich, daughter of Mr. and Mrs. William Weirich of Elgin, became the bride of Raymond Hoth, son of Mr. and Mrs. Raymond, Sr. of Arlington Heights. The double ring ceremony was performed by Rev. C. J. Doenecke at five o'clock last Saturday afternoon.

Richard Mason of Elgin sang "Because" and "I Love You Truly" during the impressive ceremony. Mr. Weirich gave his daughter in marriage. The bride's traditional white satin gown with lace inserts, was of princess styles. Her short veil was held in place by a beaded crown and she carried a bouquet of white feather carnations.

The matron of honor for the bride was S. A. Lakes, and her bridesmaid was Mickie Hoth, sis-

ter of the groom. Both wore yellow dresses and carried bouquets of delicate pink gladioli and white carnations.

Dale Wolhausen served the bridegroom as best man and William Weirich, Jr., brother of the bride, served as head usher, assisted by Reuben Baade.

Mrs. Weirich wore a black crepe dress, set off with an orchid corsage, for her daughter's wedding. Mrs. Hoth was dressed in Navy blue and had a camellia corsage.

Two hundred guests enjoyed the wedding reception held at the Woodman Hall in Elgin at eight o'clock.

Mr. and Mrs. Hoth spent their honeymoon in the Southern part of Illinois and are now at home in Elgin. Mr. Hoth is employed with the Jewel Tea in Barrington and Mrs. Hoth is employed for the Illinois Tool Works in Elgin.

### Cribbings from TOTVILLE

by Di Dee

A son was born to Mr. and Mrs. James O'Neill of Kenosha, Wis., at the Henrotin hospital in Chicago-March 14. The little boy weighed in at 7 pounds 8 ounces and had been named Terry Michael. Mrs. O'Neill is the former Jane Dearnie of Arlington Heights.

Mr. and Mrs. Don Hanauer, formerly of Arlington Heights, are the proud parents of a son born March 4 at the St. Joseph hospital in Elgin. Terry Mack, the new baby's name, tipped the scales at 7 pounds 8 ounces.

### Golda McCarty given surprise party

A surprise breakfast birthday party was given Mrs. Golda McCarty of the Arlington Heights Estates, last Thursday morning by the members of the Estates Thimble club. The breakfast was held at the home of Mrs. George Turba of Noyes street, and featured a menu of hot rolls, jellies and coffee.

The group also presented the guest of honor with a gift of nylon.

### Junior women to hold bingo party

Plans are being made by the Junior Woman's club of Arlington Heights to hold a bingo party on April 13. Bingo will start promptly at 7:00 p. m. at the fieldhouse, where the party is being held.

There will be no admission charge and prizes will be donated by various business houses in Arlington Heights. Refreshments will also be served.

### Gertrude Niemeyer guest at bridal shower

A surprise miscellaneous bridal shower was given in honor of Miss Gertrude Niemeyer of Arlington Heights last Thursday evening at the home of Mrs. Fred J. Bradley. The shower was given by Virginia Bradley.

The dining and living rooms of the Bradley home were decked with white streamers and wedding bells, underneath which the bride-to-be opened her many lovely gifts. Miss Niemeyer will become the bride of Robert Bradley, son of Mr. and Mrs. Fred Bradley, April 12.

After the gifts were opened the guests enjoyed playing navy bunco, which was followed by refreshments consisting of sandwiches, salad, cake and coffee. The table centerpiece was a doll bride made by Mrs. Ronald Bradley.

The guests attending came from Park Ridge, Des Plaines, Northbrook, Palatine and Arlington Heights.

## HERE'S WHY JEWEL PRICES ARE SO LOW!

Because more and more people are picking Jewel as the place to buy their meats and other food, our sales have soared. This means our purchasing power is greater and our buyers can "talk turkey" on prices they pay. Merchandise doesn't stay on our shelves or in our cases very long, which cuts down on waste and spoilage. All of these savings are shared with you through lower prices. As our sales volume goes up we are able to offer a better deal to you.

**1500 attend concert by local pupils**  
Sunday afternoon, March 16th, DePaul Music Studio presented the Tenth Annual Concert at Steinmetz High School, to a thrilled and appreciative audience of 1500 people. The program, which lasted two hours, went through so rapidly and smoothly that many people wanted to hear more after it was all over.

The first feature of the program was the 200 piece guitar orchestra starring nearly 100 electric guitars and 25 hula dancers. With colored lights changing constantly over them they presented a beautiful picture. The six numbers they played included vocal solos by Miss Helen Blomberg and Miss Betty Parent, both of whom are studying under DePaul's voice teacher, Mr. Oliver Dodin. The guitar orchestra was under the direction of Elmer Herrick and Ray Gaitsch, teachers and co-owners of the studio.

Other program features included a 20 piece accordion band under the direction of Mr. Herrick; four piano numbers by students under the tutelage of Mrs. Minnette Parent, which brought rounds of applause; three special vocalists who are studying with Mr. Rodin; eleven accordion groups ranging from solos to quartets, under the direction of Miss Mary Jane Henry, DePaul's talented accordion teacher; various other guitar groups including a 20 piece guitar orchestra of adults, who closed the program with "Aloha Oe" while Miss Jeanette Sanecki danced an appropriate hula.

The entire show was staged and directed by Mr. Herrick and Mr. Gaitsch, and thanks are due to all parents and friends who helped them in making this first program since the war such an outstanding success.

**A. & P. butter purchases in Illinois totalled \$2,207,049 last year**  
Illinois buttermakers and their farmer patrons received \$2,207,049 from purchases made in the state in 1946 by the Great Atlantic and Pacific Tea Company, it was announced today by Geo. Diehl, head of the food chain's national dairy department.

The purchases during the year of 3,052,208 pounds of butter in the state were more than in 1945 and returned an extra \$1,529,139 over the purchase total of 1945.

Butter prices were set by the Office of Price Administration during the first six months of 1946, but the industry operated under de-control for the second half of the year, Diehl explained.

## Additional state aid for schools, urged by Arlington PTA panel

"We get what we pay for — even in education!"

This was one of the points brought out by Milton Bollman, Assistant County Superintendent of Schools, in a panel discussion at the meeting of the Arlington Heights P. T. A. Tuesday evening.

"In other words — if we want better education for our children, we'll have to dig down and pay for it. More

capable people must be drawn to the teaching profession, and the only way to accomplish this is to offer them something besides glory for their important work and years of training."

Supt. Clabaugh, second speaker on the panel, stressed the point that while the present minimum amount of backing for each pupil's education is far from sufficient, the needed increase should be shared by the state and not borne solely by local taxes. He then pointed out

the possibility of obtaining a temporary increase in the flat grant from the state, to take effect this coming September, through the passing of House Bill 87 now up before the legislature.

### Raise per capita \$40

Also, he explained the proposed recommendation to raise the equalization figure for each pupil from \$80 to \$120, which if passed would mean an added \$14,000 of aid to the district from the state.

Miss Laura Grothe, local representative of the Illinois Education Association, outlined the present teacher pension plan, pointed out its deficiencies and revisions which would be recommended for its improvement.

"Many teachers in Illinois, after 25 or 30 years of service have had to get along on \$400 a year under present pension plan. How far would that go at today's cost of living?", asked Miss Grothe.

Richard Morrow, moderator of the panel, urged everyone to sign petitions for the passing of House Bill 87 and to fill out blanks enabling them to receive information on school legislation from time to time. Questions from the audience were answered by members of the panel.

### Music by the Junior High girls featured two piano solos by Carol Cox of the eighth grade and a number of songs by the Girls' Glee Club, under the direction of Miss Marie Tullis. Emilia Silvestre accompanied the Glee Club at the piano and Dolores Krause was soloist.

### Scouts-Cubs get charter

Stan Huntington, scout director of the northwest Suburbs, presented the new charters to Boy Scout troop 32 and Cub Pack 232. Representatives from these groups were Arthur C. Buley, scoutmaster, Vernon Sturm, scout chairman, Victor Beddingfield, cubmaster and Arthur Epig, cub chairman. PTA sponsors both these boys' organizations.

The following PTA officers were elected for the coming year: president, Mrs. Richard Frasier; vice president, Melvin Kurtz; secretary, Mrs. Harold Witt; treasurer, D. W. Vittum. Refreshments were served by mothers of the third grades.

### More industries ask to move to No. Illinois

Interest in the industrial advantages of northern Illinois is more than twice as high this year as in 1946, according to the territorial information department of the Public Service Company of Northern Illinois.

Last year in the months of January and February, the department, which solicits inquiries about industrial facilities in the area, received 174 requests for information. In the first two months of 1947, this figure reached 434.

Many of the inquiries request specific plant sites and outline space needs as manufacturers throughout the nation seek to tap the great Chicago-Northern Illinois market and establish a more central outlet for their nationally distributed products in an area that has so many inherent industrial advantages.

The number of new or branch plants for which arrangements were made to locate in the area jumped from 118 in 1945 to 176

### United Motor Coach announces \$200,000 modernization program

The United Motor Coach Company of Des Plaines has planned a modernization program that will entail a 1947-1948 expenditure of \$200,000 on new equipment and in modernizing and rebuilding older vehicles it was announced by L. E. Manuel, company manager.

This announcement is good news to patrons and employees of this progressive bus company, such a capital expenditure will also prove a financial benefit to the entire Northwest Suburban area.

However, he explained that this program of modernization of rolling stock and maintenance equipment is not new with United. During 1945-1946 the Company spent \$218,555.38 for new equipment.

In addition to its policy of buying the latest and best equipment, United is constantly on the alert for improved maintenance and modern operation techniques. Mr. Manuel cited their 1946 payroll of \$266,759.14 as evidence that United hires only high type personnel and pays them well for their services.

### Motor club agent for driving documents

As a part of its expanded travel service, the Chicago Motor Club announced today its designation by the U. S. State Department as an official agency for the issuance of Inter-American driving documents.

Charles M. Hayes, president of the club, stated that this service, in accordance with the Inter-American driving agreement ratified by the United States and seven Latin American countries, includes the issuance of three documents: (1) an International Automobile Certificate; (2) an International Driving License, and (3) an International Registration marker to fit on the car's license plates. The Chicago Motor Club is offering this service to all motorists, including non-members, Mr. Hayes said.

In 1946, an additional 72 firms completed negotiations to move from old to new sites within the territory in 1946, which in most cases involved expansion and additional employment and production.

### JUST DOGS

### International Show

All eyes of the pure-bred dog people will turn towards Chicago on March 29-30, 1947 when the great International Kennel Club show will be held at the International Amphitheatre.

The show according to club officials will be one of the largest ever held in the middlewest. If entries still continue coming in at the rate they were some weeks before the show, it well promises to be the largest show ever held in this section of the country.

Pure-bred dogs from just about every state in the Union are being sent to the show, and if you like good dogs — go to the International. If you are in the market for a new dog or just information, this show will have people there who can help you in all phases of dog work.

### Unusual Dogs

As a passing thought those of you who have an unusual breed of pure-bred dog — the dog editor would like to hear about it.

Many people know and recognize the better known breeds of dogs, however, there are many dogs which are unusual in that they are not found in large numbers throughout the country. With this in mind the editor hopes to bring to his readers from time to time a brief description of some unusual dog in the area covered by the paper.

### Dog Facts

Recent checks and investigation by the Gaines Dog Research Center has brought out the fact that the dog population in the country has jumped in recent years from about an estimated figure of 15,000,000 to 20,000,000, which includes everything from pure-breds to "curb-stone sitters."

Those folks south of the Mason and Dixon line have more dogs on the average also than those of us "northerners." About 53% of the homes in the south have one or more dogs.

### Consider plans for new Barrington high school building

Forty-one men and women, representing 33 Barrington civic organizations, met last week with the high school board of education to consider plans for Barrington's proposed new high school.

The first need mentioned was a room with the proper machines for projecting movies and slides. Another organization suggested a "memorial wing" consisting of three parts: (1) a recreation or activity room, for young people just out of high school, at the edge of the building so it could be closed off; (2) an auditorium with slanting floor and permanent seats for about 300 people, to take care of visual aids, production of plays, and use of class groups; (3) a lounge with connecting kitchen for dinner meetings or organizations having receptions after their meetings.

### Robe catches fire from spark

Miss Joy Young, 22, housekeeper at the C. B. Allen home at 424 East Hillside ave., Barrington, recently escaped serious burns when her robe was ignited by a spark from a match. After striking a match, the bunny cloth robe was afire instantly, burning the front and back of the garment. The Allen's daughter, Janet, was in the room with Miss Young at the time and told her to take it off. Miss Young received burns on her shoulders.

### Ela votes increase at tax levy vote

Residents of Ela township voted a week ago to increase the tax levy for Ela Township High school by 37 1/2 cents per \$100 assessed valuation. The township voted, 186 to 20, to raise the school's educational tax levy from 50 to 75 cents per \$100 assessed valuation. Residents also voted, 174 to 22 to increase the building tax levy from 37 1/2 to 50 cents.

### To start 25 homes

Construction of the first 25 units in a 300 home development in the Lakewood Heights subdivision of Mundelein will start within two or three weeks. This information was given by the Mundelein Village board at a meeting Monday night. The entire development will require five years.

### Estate development on 450 acres planned near Libertyville

Acquisition of 450 acres of land between Libertyville and Half Day for development of small estates was announced last week Co. Chicago. The land extends from Milwaukee ave. to the Des Plaines river and then from the river east. There are about 30 acres which will have a Milwaukee ave. frontage and extend to the river. This will be laid out into 12 parcels from two and one-fourth to two and three-fourth acres each. The tract east of the river will be separated into parcels from four to 15 acres.

### Joint committee to study Park Ridge traffic problems

Mayor Alfred P. Haake recommended that a committee composed of representatives of the council, both school boards, three Park Ridge parent groups and the chamber of commerce be appointed to solve the police protection problem in Park Ridge. His recommendations followed a heated discussion which lasted more than an hour Tuesday night when the city council adjourned to committee of the whole.

### Plan 19 more homes near Northbrook

Ground is expected to be broken within the next few days for the first of a group of 19 new homes Sloan Construction company of Glenview will build in its new subdivision, Northbrook Manor, at Oak and Fourth sts., Northbrook.

The subdivision, opened within the past year, will have 85 homes in all, of ranch, solar type style. Thermopane glass, Louvre ventilation and floor heating, features of \$40,000 solar houses, are among the items that will be utilized in construction of these moderately priced homes.

### PATENTS GRANTED

The following patents have been issued in Washington: H. P. Folkins, Skokie, cracking hydrocarbons. He has assigned it to the Pure Oil Co. T. E. Horst, Des Plaines, coding and decoding apparatus. L. A. Williams, Jr., Northfield anti-icing combustion air scoop. He has assigned it to the Stewart Warner Co.

### Ask temporary homes for Des Plaines vets

At the Des Plaines city council meeting last week the citizens housing committee recommended to the city of Des Plaines that local vets have their housing problems solved by the erection of temporary housing in the city for their occupancy. On motion of Napier, seconded by Kehe of the committee and the council's resolution follows.

No indication as to the location for these Goodyear Temporary houses has been revealed by the committee.

### Merchant stops lad with \$50 bill

Saturday afternoon of last week a ten year old boy entered the Correspondence Shop, 722 Center street, Des Plaines, and inquired as to the possibility of buying a steam engine. He had a \$50 bill which he showed to Paul Stein, proprietor of the store.

Mr. Stein reported the incident to the police and the boy was questioned and stated that he had been given the money by a friend and the friend had taken it from his mother's savings at home.

### Start addition to school building

Ground was broken Monday morning for a six classroom annex to be attached to the present Catholic school building on Church street, Glenview. The new addition, which will accommodate 400 pupils (in addition to the 310 already enrolled), will be of colonial design and the present building will be revamped throughout to conform to this style.

# Illinois realtors ask broker's license law

To insure the public maximum protection in realty transactions and to assist Illinois realtors in maintaining the highest ethical brokerage standards, the Illinois Association of Real Estate Boards, through its president, Ronald J. Chincock, strongly urges the passage of amendments to the Real Estate Brokers' License Law which are now before the State Legislature. Major points in this bill are:

1. Mandatory written examinations to determine trustworthiness and competency of applicants to transact the business of a Real Estate Broker. (Written examinations are now optional with the examiners).
2. That the applicant shall have served an apprenticeship as a licensed Real Estate Salesman for not less than two years. Experience is not now required.
3. That the Real Estate Broker shall not commingle, escrow or purchase deposit funds with his own money. (This is just good business practice.)

# 'Greatest of These' now at Selwyn

"The Greatest of These," the Max Wylie play directed by Ed-die Dowling now playing at the Selwyn Theater, handles the Anglo-British situation with fairness, freshness and challenge. Furthermore, the author's pleas for interracial justice and universal brotherhood rings true. The play presents the problems of an American University professor, Hackley Chard, whose love for a Mohammedan girl involves him in her brother's revolutionary activities. Gene Raymond as the professor handles the role with understanding and Bramwell Fletcher, who poses as a wastrel but in reality is a liberal journalist, is Raymond's confidant. Mary Boland gives a characterization that is at once dramatic and humorous. She plays the English dowager who has spent most of her long life in India and loves and understands the people. Barbara Young is cast as the Indian girl and Peter Coe is her revolutionary brother. Sam Jaffe is the Indian patriot—and plays the part with his usual sincerity and understanding. A. J. Herbert crisply portrays the British inspector, and Edwin Jerome the governor in best British manner.

# Skokie officials and tavern owner fight for liquor license

Acting under orders from Mayor John W. Wuerth, Skokie police arrested Leo Heinz, Jr., last week Monday morning for operating a retail liquor establishment without a local license. April 30, 1945, the day before the present village administration took office, a permit was granted to Leo Heinz to move a small frame structure from Simpson street and E. Prairie road to 3440 Church street. Heinz then applied for a retail liquor license and was refused because of the village ordinance, which limits the number of retail liquor licenses to 46. All were taken. Heinz appeared to the Liquor Control Commission and Skokie was sustained in denying him a license. On a rehearing, requested by Heinz, the Commission ordered Mayor Wuerth, who is also Liquor Commissioner for Skokie, to issue a local license. Mayor Wuerth then filed a notice of appeal or the State Liquor Commission appealing the order and decision to the Superior Court. The matter is now pending in the Superior Court, where, in due course, a final decision will be rendered.

## New cachets for new air route April 1

Both post office department official cachets and Western Air Lines unofficial cachets will be available for philatelists when WAL inaugurates one-carrier air service between Los Angeles and Minneapolis-St. Paul, Minn., on April 1.

Official cachets will be available at Alliance, Neb., Huron, S. D., Rochester, St. Paul and at both the downtown and airmail field post offices at Minneapolis, airline officials said.

Western Air Lines unofficial cachets will be available at the Rochester, Huron, Rapid City, S. D., Sheridan, Wyo., and St. Paul main post offices and at the Minneapolis airmail field post office.

Pre-stamped, self-addressed covers should be sent postmasters in each city with instructions as to whether the collector desires either the post office department cachet or the airline cachet, or both.

Postal officials advised collectors wanting both cachets to use large envelopes.

## Candlelight to be given in Des Plaines

Thursday, March 27, at 8:30 p. m. the Des Plaines Theater Guild will present Candlelight adapted by P. G. Wodehouse. The play will be given in the auditorium of Rand Park Fieldhouse.

Candlelight is the story of Prince Rudolf's valet who falls in love with a pretty voice over the telephone, invites the charmer to his master's apartment, and then, naturally assumes the role of a prince. All this is related with an arid, wiry wit that is capital entertainment. Particularly when Prince Rudolf returns unexpectedly and accepts the situation by turning valet.

Price of tickets including tax is 60c for adults and 30c for children. Tickets may be purchased at the door before curtain time.

**It resists "the irresistible"...and OIL-PLATES your engine!**

THE DESTRUCTIVE POWER OF A HURRICANE seems irresistible, yet within the slender trunk of a palm tree, even greater power... the force of molecular attraction... binds particles of living matter into a structure that resists "the irresistible!"

WHEN YOU CHANGE FOR SPRING to Conoco N<sup>th</sup> motor oil, the same basic force of molecular attraction swiftly bonds molecules of a special added ingredient to molecules of metal... attaching lubricant to metal so closely that cylinder walls and other fine-finished parts become actually OIL-PLATED!

BECAUSE OIL-PLATING STAYS UP on cylinder walls... doesn't all drain down even overnight... a change to Conoco N<sup>th</sup> gives you EXTRA protection when you first start your engine "dry"... EXTRA protection from corrosive acid action when your engine is idle... EXTRA protection from sludge and carbon caused by wear... EXTRA smooth, cool, silent miles.

## No fight for offices in Palatine township

This is the short year for Palatine township election as only the minor offices are to be filled. The only opposition that has developed is for the office of highway commissioner. Charles Schoppe is a candidate for reelection and Conrad Schroeder will run on the Independent ticket.

Messrs. A. S. Olms and Edson Balwin are candidates for reelection as justices of the peace, but there is only one candidate for constable, Frank Gahlbeck. Two are to be elected. Chas. E. Julian is a candidate for school trustee.

The present members of the village board whose terms expire this spring are all candidates for reelection. They are president, C. D. Taylor, C. Hildebrand, Henry Bruhn and Walter Meyer.

Petition placing the name of R. L. Peck on the ballot as a candidate to succeed himself as president of the high school board is being circulated. The members whose terms expire are H. S. Heise and F. J. Rohde.

## Fred Lorenzen quits business

The recent purchase of the old Sieburg block, Arlington Heights, by Mr. Landmeier, forces the present tenant, Fred H. Lorenzen, to dispose of his stock and retire from business. A two week sale will be in progress commencing Monday, March 26.

For 23 years the Lorenzen store served the needs of the public well and the kind of sale that Mr. Lorenzen is giving the next two weeks is a fitting manner in which to close a store's career.

## Debate on compulsory military training

The question of compulsory training was chosen by representation of the four high schools January 9 for the debates which were to be held at Barrington, Arlington Hts., Des Plaines and Palatine Mar. 16. There was no choice of sides. Each school had to have one team to uphold the proposition and another to show that it was undesirable.

In the contest for the championship each school had won one debate and lost one. Thus in order to win the banner one team from some school must prove that compulsory training is desirable and another team must prove at the same time that it is not desirable. This is what the teams from Palatine township high school did. Seth Morris, Lawrence Frye and Mildred Smith, who were the members of the affirmative team, were successful in proving that compulsory training could be used to advantage in the United States.

Elizabeth McCarthy, Dorothy Gibbs and Margaret Stroker, members of the negative team, proved to the satisfaction of all the judges at Des Plaines that the voluntary system could be used to better advantage.

When the students of the Palatine school were trying to solve this problem of finding a way of being successful with both sides of the question they read the discouraging news that seven colleges had refused to debate the question because they thought that the arguments were too strong for one side. Palatine high school is to receive a banner as a reward for the debates.

## Tales

of the STREET

BY I. C. HART

## NOT THIS YEAR

Two years ago by this time of year farmers and gardeners were busy seeding grain and planting their gardens. We recall that on March 14 of that year we planted the first garden seeds and that it was a warm balmy day and the ground was in grand shape for planting, warm and mellow and in better condition for seeding than it often is in May.

But all that was two years ago and not this year. This year on that date there was still snow and ice on the garden in patches and the ground was in anything but planting condition.

For the last couple of years March has been a beautiful month and local folks had begun to brag about the fine March weather we have in this country. But along comes March of 1947 and so far there hasn't been anything that looked much like spring about it. In fact it's been pretty much of a winter month, cold and blustery and living up to the reputation that March is supposed to have.

## FEW BIRDS

The spring birds seem to know that this March was a good time to not be in this locality for very few of them have shown up so far. Many years by the 10th of March there are a large number of spring birds on hand, but this year only a very few of the hardy advance guard have showed up thus far.

When it looks like a fairly early spring, robins, blackbirds, flickers, meadow larks, mourning doves, blue birds and other varieties of early birds are to be seen early in March, but this year they have been conspicuous by their absence and seem to know that settled spring weather isn't to be expected at once. Then if the action of the birds wasn't enough to convince any one that it isn't time yet to hock the winter overcoat that famous cactus plant is still blooming and putting forth fresh buds.

## THE EARLY GARDEN

"There's no use in getting excited about an early garden for another month," says George Wilson. George contends that the middle of April is plenty early to start thinking about planting a garden and we think he's right in his conclusions.

When we made that early start two years ago we planted the first peas March 14 and had our first mess of fresh peas on June 17.

Last year we were very late in getting under way and didn't get the first peas in the ground until April 19. And we had our first mess of fresh peas on June 22, less than a week later than the year before when we made our first planting over four weeks earlier.

So it sure looks like George is right about its not paying to get too enthusiastic about getting too early a start in the garden.

## THE COST

Someone said the other day that if we'd put the reports of the new school discussion in this column people would read them.

## READING &amp; WRITING

BY Robin McKown

Into the cellar of a bombed house in post-war Vienna, came Rev. Hoseah Washington Smith, a Negro Chaplain with the U. S. Army. He brought tracts for the purpose of "re-education"; he left with his pockets emptied of all personal possessions and a feeling both of guilt and responsibility for what he found.

There were six children living in that basement, dirty, ragged, embittered, victims physically and mentally of Nazism. Ringleader among them is Yid, a boy of 13 whose concentration camp experiences have aged him to uncanny wisdom. At 14, Goy's interests run to stealing, setting fires, and occasional murder; Eve is a child prostitute, like her friend Ate, who had betrayed her parents to the Nazis. Tiny, the youngest, is dying of starvation.

It is their story which Robert Neumann tells in "Children of Vienna." This would be hard reading, even if one could reassure oneself that Mr. Neumann had made it all up out of his head. It is agonizing, knowing that the author's "fiction" is based on the actual fate of countless thousands.

As a premium book to new members, the Book-of-the-Month Club is sending out a handsome four-volume boxed edition of the tragedies and comedies of Shakespeare, colorfully illustrated by Fritz Kredel and Warren Chappel.

From Philipp Frank's biography, "Einstein," comes a story of a Princeton mother, who was worried by the absences of her ten-year-old girl. The child explained, "I had trouble with my homework in arithmetic. People said that at No. 112 there lives a very big mathematician who is also a good man. I went and asked him if he would help me. He was very willing and explained everything very well." In distress, the mother went to Einstein to apologize for her daughter's boldness. She was told, "You don't have to worry. I have certainly learned more from the child than she from me."

With love, Mary.

## Low teachers' pay a serious danger to our educational system, local student asserts

## TEACHERS' PAY

I challenge anyone to say that the teacher receives an income proportionate to his importance to the American Way. Russia, supposedly backward and relatively uncultured, allocates 14% of her national income to education. America appropriates 1%. This proves that Russia feels that only satisfied teachers can indoctrinate the younger generations of Russians with Red ideologies. They have learned something which we have yet to learn. A people firm in their beliefs can sway less confident people even though those beliefs are unsound.

The Greeks held teachers, like Plato, Aristotle, Socrates, and others without number in highest esteem. Yet to the average American, teaching is an occupation for those who have failed in life. Is this just? How can we stop such distorted thinking.

We must raise the financial status of the teacher, thereby giving him back his self-respect. As a result of their increased prosperity they will become more in sympathy with Americanism. A higher wage for educators will attract more and better qualified teachers. And finally the increased respect they will command from the student will make the student more receptive to learning.

By keeping educators living in state of genteel poverty, we are forcing them to form unions which can easily be infiltrated with un-American ideologies.

The problem of teachers' pay must be remedied or disaster will strike the whole educational system. Our temples of truth

and learning will become bogs of propaganda and foreign "isms." This problem cannot be solved by prohibiting the Constitutionally protected right to strike and bargain collectively. We must alleviate the source of the difficulty—low wages.

American education is the bulwark which guards America and American ideals. Only by making education a profitable as well as honorable profession can we prevent Socialistic, Communistic and Anarchistic demagogues from destroying America from within.

## JUST AROUND the CORNER

Dear Jane: You wouldn't have known whether to laugh or cry if you had seen me hobble off the train Saturday, after my day in the city.

In spite of having had a perfect day, I was quite miserable with my swollen feet. Will I ever learn that I can't tramp up and down Michigan ave., in and out of stores and around art galleries in high heeled shoes, without paying the price? Never again!

I left Harvard at 8 in the morning, and didn't return until 8 in the evening. In the interim, our young friend, Patty, and I covered a lot of ground.

First, we went to see what will probably be the last exhibit of paintings and sculpture by the Arts Club members in their present quarters in the Wrigley Tower. Their lease is up there and they are looking about for a new site. I'm wondering if it is possible to duplicate anything as lovely elsewhere. In my opinion it is the most beautifully appointed club in Chicago, and I think I've seen quite a number.

Perhaps, you'd like to hear

about the show? Patty and I thought it interesting and quite gay, for the most part. The only grim reminder of our frightening atomic era, is an abstract by Alfred Shaw, called, "1947." Even if, however, seeped scientific and dispassionate, instead of fearful.

We enjoyed Peggy Palmer Burrows' satire on her fellow members. It is called, "Afternoon at the Arts Club." We were told that Mrs. Burrows, who, by the way, is the mother of eight children, spent many hours at the club painting in water color, various members in the well-known rooms, keeping the professionals in the gallery and the purely socialites in the dining room and the lounge, in her picture. She has represented the club staff, as well.

We liked Elsie Brown Jones' rural scene in oil. I have followed Elsie's work since she left the Art Institute some years back, and think her painting has consistently been on the upgrade. She is the mother of four children. I never cease to marvel at the driving force these women must have in order to manage a household of children, and yet have time to produce paintings that receive recognition in the art galleries.

Maude Phelps Hutchins exhibition in the art galleries. That is charming. Macena Barton, Jean Dumas, Anita Burnham, Jane Cassidy, J. Jeffrey Grant, Scott Taylor, are a few others whose work I particularly liked.

From the Arts Club Patty and I walked north and across the avenue to Le Petite Gourmet for lunch. We find the "atmosphere" of that place, with its continental air, right to our liking. We had a good lunch and then took in a quick look-see at Tatman's fine shops in the brick court yard.

To spite the brisk, cold winds off the lake, we walked the way south to Findlays. We thought we might run into another good art show, but instead we found ourselves at a leather goods sale. Such bargains! Both of us wished we had some money to spend there for there were many fine buys in good leathers. I did manage to purchase a double folder in brown leather for George and Edward's new photographs, and since Patty's birthday was coming up on St.

## May reclaim Illinois-Michigan canal

At the request of Governor Green and members of the Illinois State Legislature, Congressman Chauncey W. Reed introduced a bill in Congress (H. R. 1628) which will permit the State to make such use, other than a waterway, of the old Illinois and Michigan Canal. This is the old canal which extends from Chicago to Peru in La Salle County.

March 30, 1822, Congress passed the legislation necessary to authorize the State of Illinois to construct this waterway and granted a strip 90 ft. wide on either side of its bed. At that time the State was unable to finance the project and five years later Congress granted to the State alternate sections of land for a distance of five miles on each side of the proposed canal. Through the sale of canal lands and loans the canal was finally completed in 1848. For many years it flourished.

But rapid construction and de-

velopment of steam railroads doomed it and it came to a lingering death. For many years it has lain dormant, its old tow-paths barely discernible, its waters stagnant—a breeding place for mosquitoes and tadpoles.

The State now plans to make use of it for the benefit of the citizens. Some portions of it may be transformed into super highways; others into State parks and recreation areas. Undoubtedly fresh water may be diverted into it at certain points so that in the near future excursion boats may take citizens on pleasure trips along the scenic route that a century ago was an important artery of commerce.

None of this can be accomplished however until the United States government by Act of Congress, disclaims and relinquishes to the State the canal lands which were granted to it be used only for waterway purposes.

## N.U. prof pries into pantries to study ladies' buying habits

A systematic analysis of post-office wastebaskets a number of years ago led to the expert techniques employed today by a consumer market research specialist at Northwestern University. Prof. Charles L. Allen, assistant dean and director of research of the Medill School of Journalism at the university, is a man who can tell you what percentage of a certain food the average housewife stocks today because he became interested in people's consumer habits when he was a newspaper publisher. "One day a fellow challenged me," Prof. Allen related. "He said he didn't believe anyone read my newspapers, and that subscribers dropped them into postoffice wastebaskets as soon

as they removed them from their mailboxes. To prove him wrong, I analyzed the contents of wastebaskets in the postoffices of three Illinois towns every week for eight months. I never found a single copy of my newspapers, but I did collect some interesting, discarded love letters after sorting through bales of direct mail material and circulars."

After that experience of the early '30s, Prof. Allen began to devote increasing time to analyzing people's buying and reading habits, with the result that today he is an acknowledged expert who passes on his findings to journalism students in his advertising and publishing classes. One of Prof. Allen's market analysis techniques is what he calls a "pantry poll." Directed by him and conducted by students in the journalism school, the poll has come up with some enlightening facts about city housewives' food-buying habits.

For example, the majority of home managers prefer to shop on Friday. Women who want to get into stores on the least-crowded days will, if they take a tip from the poll, invade the markets on Wednesday.

Urban dwellers still prefer to buy their eggs direct from the farmer, the most recent compilation of life continuing consumer inventory revealed. Only eight per cent of all families polled buy any yeast. An canned asparagus and carrots don't land on pantry shelves nearly as often as do other canned vegetables. Fifteen per cent of the families interviewed buy advertised brands of dog food for their Rovers and Spots. Three-quarters of all pantries stocked catsup.

Because the poll is continuous, Prof. Allen and his investigators have learned some unusual facts about seasonal buying. For some unexplained reason, housewives stock more coffee during the summer than in the winter. When they drink most of it has not been determined.

Canned goods move fast off home pantry shelves, the survey showed, while certain other products, termed "shelf-sitters," remain in pantries as long as two years.

## Release official history of Legion

The role played by Illinois in the affairs of the world's largest veterans' organization is portrayed in the new History of the American Legion which has just made its debut on the nation's book shelves. It was published by the Bobbs-Merrill Company of Indianapolis.

The twines of many Illinois Legionnaires parade through the 393 pages of the new history as it develops the growth of The American Legion from its cradle day in 1919-20 to its record-breaking, two-war membership of 3,328,559 in more than 16,000 posts in 1946. During this period the Department of Illinois leaped from an enrollment of 62,221 in 1930 to its all-time high of 223,812 last year.

**Contributed to leadership**

Illinois contributed four national commanders, three national chaplains, two national vice commanders, a national judge advocate and scores of national committeemen to the leadership of The American Legion between 1919 and 1946.

It also entertained four national conventions, all in Chicago. They were the 15th national convention, October 2 to 5, 1933; the 21st September 25 to 28, 1939; the 26th September 18 to 20, 1944 and the 27th November 18 to 21, 1945.

Other Illinoisans whose names appear in the new history include: Oscar Carlstrom of Springfield, twice attorney general of Illinois who was a member of the Paris Caucus.

## Fort Sheridan discharge center to close Mar. 31

After processing more than half a million soldiers for discharge from the army, Fort Sheridan's Separation Center is tentatively scheduled to be inactivated on March 31, it was announced by Brig. Gen. C. K. Nulsen, commanding general of Fort Sheridan. Flow of personnel to this center for discharge will be discontinued March 16 and the remainder of the month will be used to process the last few men who have entered for separation and to close the center.

A total of 513,488 men and women have been discharged through March 4 including 49,925 officers who reverted to inactive status, 447,085 enlisted men and 16,478 enlisted women. Peak month of inactivity came in October, 1945 when 4,916 officers, 36,429 enlisted men and 1,504 enlisted women were separated to bring the total to 42,849 for the month.

Fort Sheridan is the last separation center to be operating in the interior of the country with other centers now operating at Fort Dix, New Jersey, New Orleans, Louisiana and Camp Beale, California. Under the new plan, separates returning from overseas will be processed and separated at centers at Fort Dix, New Orleans, Camp Stoneham, California and Fort Lawton, Washington, all ports of debarkation.

### Uncle Sam Says

Have you stopped to consider that save-as-you-go is as important to you as the pay-as-you-go plan, which millions of my men and nephews are rediscovering this month as their best friend in meeting income obligations? When you are signed up on the payroll savings plan or have arranged with your bank for regular monthly purchases of U. S. Savings Bonds, you're on an automatic, easy save-as-you-go plan which will enable you to meet future personal and family obligations, or a business of your own, pay for a new home, travel or education for your children. As a good American, you are paying your income tax bill to Uncle Sam and he is paying for the war. As a good American, you also have the opportunity to turn the tables on your Uncle Sam. Investing in U. S. Savings Bonds regularly, your Uncle Sam will pay you \$4 for every \$3 in ten years.

## Washington Letter

From the office of Thomas L. Owens, M. C.

During the past week a veritable parade of leaders of industry and labor appeared to testify before the Committee on Education and Labor of the House, of which committee your Congressman is a member.

Some very shocking facts were disclosed by representatives of the Lumber Industry from the States of Washington and Oregon, who testified that the production of lumber for 210,000 dwellings had been lost because of jurisdictional strikes in that region during the past six months.

Among the several resolutions which were considered and passed in the House during the past week was H. R. No. 124, which provided for a six months extension and final liquidation of the farm-labor supply, and for certain other purposes. The vote was 243 for the measure to 110 against it. Practically all of those opposing the bill were Republicans, including your Congressman, who were of the opinion that 80,000 workers should not be brought from Mexico and the Bahamas, at the expense of our government, to work on farms, when we have several million people idle in this country who are being paid unemployment compensation.

During the week the Senate voted to cut the President's budget by \$4,300,000,000, although the House had previously voted a cut of \$6,000,000,000. Even with the reserve on hand of \$1,500,000,000, Congress would be pressed in its effort to grant an income tax reduction of 20%, or \$3,500,000,000 without the question of leaving a reserve cushion of some kind. Therefore, you can be sure that the House will continue to fight for the budget cut which it voted. The next week should determine the results of the joint conference of the House and Senate on that subject.

## 5 million students now ride to school

One out of every six of the nation's school children depends upon highway transportation to the classroom this year. The highways of the nation play an important role in providing educational opportunities for rural boys and girls, Charles M. Upham, engineer-director of the American Road Builders' Association, said in a statement issued here today.

Some 4,706,209 bus pupils cover 1,913,661 miles of school bus routes to 40,837 schools daily, according to a census of Bus Transportation Magazine. Mr. Upham pointed out. The census shows that it will cost \$103,423,683 this year to maintain the huge fleet of 81,150 buses used in school transportation. Transportation of school pupils means employment for more than 100,000 people.

## Permanent citation for Bronze Star to Arlington man

Lt. (jg) Eugene B. Rybski, USNR, of 314 Park st., Arlington Heights, husband of Mrs. Irene Maria Rybski, has received the permanent citation for his Bronze Star Medal from Secretary of the Navy James Forrestal, for the President.

Lt. (jg) Rybski, who has been released to inactive duty, earned the award serving as a member of an underwater demolition team embarked as a passenger aboard the high speed transport USS Blessman during action against the Japanese forces at Iwo Jima. When the ship was hit by an enemy bomb which caused raging fires, he helped evacuate the wounded, fight the fires, and, later, search the smoke-filled compartments for casualties. When new fires broke out, he fought the flames until the smoke and exploding ammunition forced him to withdraw.

During the war citations were temporary, or incomplete, for security reasons.

Text of the complete citation is as follows:

"For heroic service as a member of an underwater demolition team embarked as a passenger aboard the USS Blessman in action against enemy Japanese forces at Iwo Jima, Feb. 18, 1945. When the ship was struck by a hostile bomb and raging fires ensued, Lt. (jg) Rybski voluntarily evacuated the wounded, assisted in the fighting of the fires and later, searched through the smoke-filled compartments for casualties. When new fires broke out, he fought the flames until smoke and exploding ammunition forced him to withdraw. His conduct throughout was in keeping with the highest traditions of the United States Naval Service."

A MESSAGE FROM THE SECRETARY OF WAR

**How you can help YOUR ARMY DO ITS PART FOR PEACE**

WITH the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistments for the maintenance of the Regular Army at authorized strength.

In view of world conditions today, this is a step of the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety and our duty to promote world peace — all are bound up in this decision.

This is your Army, and voluntary enlistment is your choice. It must not fail. With your help it will not fail. The Army must continue to provide adequate occupation forces overseas, to supply these forces, and to help in keeping America strong and secure.

Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments, necessary to sound training and the efficient performance of the Army's task.

When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of service and of overseas theater where openings exist, and the opportunity for thorough training in valuable skills.

A job in the new Regular Army compares favorably with the average in industry, and has more opportunities for promotion than most.

You can help by giving your respect and support to the man who enlists voluntarily — to do his part in carrying out our country's world-wide obligations to build a peace that will endure.

ROBERT P. PATTERSON

## Board levels onion set established price at \$2.10

At a recent meeting of the Tri State Onion Set Exchange, it was reliably reported that information had gone to the outlying trade that after March 15th the pool was expected to break up and sets could be bought at a very low price. However, the Board of Directors at their recent meeting have determined to level off their price for yellows at \$2.10 for the balance of the season, but in no case to decrease this price.

The board feels that at the present time pressure is being brought to break the pool and cause a heavy loss to the co-operators. They believe that more than this year's crop alone is involved in this effort and that growers might as well stay by their pool and not permit the market situation such as was developing last fall to ruin their prices for their crops.

Mr. Frank Van Baren, one of the largest growers in the county states "We started this with the idea that without a pool we would not get 25c for our sets. Now let us go ahead with our first purpose and of course we understand that the non-cooperator has got in under the higher prices that we set but it we are up to our agreement and expect our members to, the pool members will get more than they would have gotten otherwise."

## LAW on the FARM

Insect pests and plant diseases. In 1927 the Illinois legislature passed an act "to prevent the introduction into and the dissemination within this state of insect pests and plant diseases and to provide for their repression and control."

This law gives the State Department of Agriculture authority to inspect any place which might become infested or infected with insect pests or plant diseases and provides that its employees shall have free access to any field, orchard, packing shed, building or other place likely to contain infested or infested plants or plant products.

After inspection the department may order the destruction of plant materials and prescribe control measures. If it determines that there exists a dangerous insect pest or plant disease which should be prevented from spreading, it may, after holding a hearing, quarantine the area and issue and enforce rules and regulations for the control of the pest or disease. The department may prevent the movement within or through any portion or the state of agricultural or horticultural products or of any other material capable of carrying such pest or disease.

After public hearing and notice, the department may declare any injurious plant to be a nuisance and order its eradication. Any owner who allows such plants to grow on his property and who fails to dispose of them after notice from the department is guilty of a misdemeanor punishable by a fine of not less than \$25. Also, the department may eradicate the plant and collect from the owner all expenses and costs involved.

The law gives the department authority to inspect nursery stock of all kinds, issue certificates and permits to dealers and nurserymen and put into effect such regulations as are necessary to control and prevent the dissemination of insect pests and plant diseases.

The law further provides that "it shall be unlawful for any person to sell, give away, carry, ship or deliver for carriage or shipment within the state any nursery stock unless it has been officially inspected and a certificate issued by the department."

Any person affected by a rule, regulation or order of the department may within 10 days after issuance, ask for a review by the department and if not satisfied may, within 10 days after review, appeal to any court of record then in session.

The Insect Pest and Plant Disease Act is in the Illinois Revised Statutes, Chapter 5, sections 61-63. Further information can be obtained from the State Department of Agriculture, Springfield.

## Seed Corn Grew 96% After 14 Days in Cold, Wet Soil

Note the great difference in germination of seed corn planted on each side of this tray. Seed in both sides was taken from the same bag—soil was from a field where corn had grown 3 years. Tray was held at 47 degrees for 14 days—then given normal temperature—note the results.

## CROW'S FILM-COATED SEED CORN

This is a sensational, new discovery for hybrid corn. Insures seed protection in cold, wet soil. Unlike chemical "dusting," Crow's Film-Coated Corn sends the entire seed treatment into the ground with the kernel. The corn stays alive—produces a good stand—more vigorous plants—a better crop for you. Place orders now for spring delivery.

## Farmers attention called to various AAA practices

"Farmers' attention is called to the various practices outlined by the A. A. A. for the 1947 program," states Farm Advisor C. A. Hughes. Since its beginning the A. A. A. has undergone a number of modifications. At the present time there is no crop or livestock limitations. It seems rather apparent that the effort to control production were not successful because under the control period our agricultural production was about as high as ever.

"Consideration is now being given the farm problem which may result in time of depression, by the farm organizations, and we are quite sure that there will not be any more attempt at controlling production. However, one phase of the A. A. A. which is well accepted by everyone as in the public interest, are its soil conservation practices.

"Heretofore, A.A.A. committees have gone from farm practices of the A. A. A. However, in the interest of economy, farmers are requested to select their own farm practices by going to the office and indicating their cooperation.

"The following is a list of the farm practices for Cook County in 1947:

Pasture Improvement Construction of Sod Waterways, Construction of Open Farm Drainage Ditches, Green Manure Crops, Harvesting Hayseed, Application of Limestone, Application of Fertilizers, (Superphosphate and Mixed fertilizers) Application of Rock Phosphate.

"I wish to call attention to the vegetable area, which has not made much use of Soil Conservation practices, that there are a number of practices listed that will apply to the vegetable area. As March 31st is the deadline date farmers should come to the Soil Conservation office and complete their 1947 intention program."

## Seek milk prices based on supply

To encourage a steadier flow of milk to Chicago, Judson P. Mason, Illinois Agricultural Association director of dairy marketing, today backed Pure Milk Association's proposal for lower milk prices in the spring when supplies are abundant and higher prices in the fall when milk production is lower.

Mason pointed out that although city consumers require an almost constant flow of milk throughout the year, dairymen produce about 50 per cent more milk in May than in November.

Producers supplying the Chicago market presented their arguments for improvement in pricing programs at a public hearing before the Department of Agriculture, in Chicago this week. The department, now considering proposals to change the marketing order establishing minimum prices to producers, will take the case under advisement.

Mason said the proposals for changing prices depending on seasonal production would benefit both consumers and producers and was a reasonable approach to a problem which has bothered producer and distributor alike. "It will tend," Mason said, "to make supplies more responsive to demand."

## WHY You Should Feed Acme Feeds

GRAIN AND FEED MARKETS have continued their spiral. Hogs have advanced \$4 per m. or \$80 per ton increase in the past month. A year ago hogs sold for \$14.85 per cwt. March 8's market closed showing an advance of \$13.65 per cwt. or an increase of \$273 per ton over a year ago.

On the basis of today's ACME prices the following advances have occurred from lowest prices quoted this year. Hog finisher has advanced \$5 per ton. ACME poultry mashers \$8 per ton. All other ACME feeds \$3 per ton.

Obviously only one conclusion can be drawn from these figures namely: ACME prices are much behind prevailing markets and ACME feeds and proteins are today being fed at the greatest profit in history.

## Your weekly treat recipe

During the past few years, eggs have become important to meal planners. Science has proven eggs are rich in vitamins, and including eggs in the daily diet assists in preventing certain "deficiency diseases." In an egg yolk may be found almost every known vitamin, so here's a new recipe for you using little but egg yolks.

### Egg Yolk Omelette

1 cup broken bread pieces  
1 cup milk  
10 or 12 egg yolks  
1 teaspoon salt  
Method: Scald milk and pour over broken bread pieces—add salt. Fold in egg yolks. When thoroughly mixed, pour the Omelette into hot buttered skillet and when partially cooked place under broiler to finish. For variations, add green peppers, jelly, tomato sauce or Spanish Sauce.

## Lesson in English

by W. L. GORDON

### WORDS OFTEN MISUSED

Do not say, "It was a very interesting talk." Say, "a very interesting speech," if a public or discourse. An address is more formal, an oration most formal.

Do not say, "The dog's intuition guided it." Say, "The dog's instinct guided it."

Do not say, "They had heaps of beautiful things on display." Say, "They had many beautiful things."

Do not say, "I wish I could play the piano like you do." Say, "I wish I could play the piano as you do."

### WORDS OFTEN MISPRONOUNCED

Penal and penalize. Pronounce the e as in pea, not as in pen. Surveillance. Pronounce surveillance, u as in fur, first a as in at, second a unstressed, accent second syllable.

Pecan (nut). Pronounce pecan, e as in pea unstressed, a as in can, accent second syllable.

Capsule. Pronounce kap-sul, a as in cap, u as in use, not as in pull.

Cassimere. Pronounce kas-i-mer, a as in at, i as in it unstressed, e as in here, accent first syllable.

Nonchalance. Pronounce non-

sha-lans, o as in on, first a as in ask unstressed, second a as in un-stressed, accent first syllable.

### WORDS OFTEN MISSPELLED

Hyphen; observe the yph. Expedite; ite. Proselyte; yte. Argument; not arguement. Tallahassee; observe the ll, ss, and ee. Buffalo; two f's, one l. Buffaloes or buffalos, plural. Tat-too; observe the tt and oo.

### WORD STUDY

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Expedient; apt and suitable to the end in view; fit or proper under the circumstances. "It is expedient for you that I go away."

Mansard, or mansard roof; a roof having on all sides two slopes, the lower one being steeper than the upper one. (Mansard was a French architect, 1645-1708).

Factious; raising dissensions; seditious. "Let us avoid all factious quarrels."

Devolve; to transfer from one person to another. "They devolved their whole authority into the hands of the council of sixty."

Allusion; an implied or indirect reference; a hint. "Philip winced under this allusion to his unfitness for active sports."

Histrionic; pertaining to the stage or actors. (Accent follows the n). "The role requires considerable histrionic ability."

## Speakers for summer program at camp ground announced

Announcement has been made by Dr. George Truman Carl, director of program at the Methodist Camp Ground, Des Plaines, that several of the country's leaders in Methodism and other Protestant denominations have been engaged as speakers for the two-week summer assembly and camp meeting which takes place this year at the Des Plaines institution from Sunday, June 29 through Sunday, July 13.

Among those who will address the assembly from the huge tabernacle platform is Dr. Albert P. Shirkey, dynamic pastor of Travis Park Methodist Church, San Antonio, Texas, whose record as a leader in evangelistic work together with the resulting rapid growth of his church membership, have gained national recognition.

Dr. Clark Kuebler, President of Ripon College, Ripon, Wis., formerly of Palatine, and the Rev. Gaston Foote, Pastor of Grace Methodist, Dayton, Ohio, are two others thus far engaged to speak.

According to Dr. Carl, further announcement will be made soon regarding the remainder of the program.

This is the 88th observance of the summer assembly at Des Plaines indicated Dr. Carl. He pointed out that the Camp Ground is open for a full program of religious and recreational activities from May first until October first.
